QUICK START GUIDE

Voicit Go

Call and meeting recorder

▶ **Video tutorial inside**

START HERE

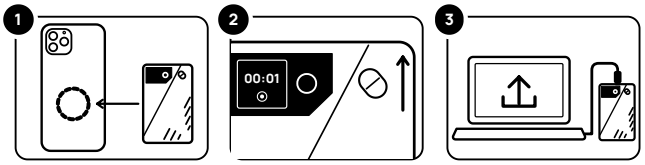

Learn how to use it in 30 seconds

Point your phone's camera at the code and watch how to attach it, record a call and upload the audio to Voicit.

youtu.be/8Eqw-aj34N4

QUICK START

Your first recording in 3 steps

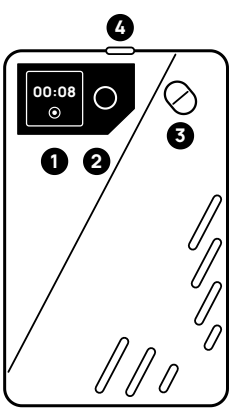

Attach to your phone
By magnet, on the back. Android? Use the included ring.

Slide the switch up
When the call starts. Slide it down at the end: it saves and switches off.

Upload it to Voicit
Connect it to your computer and upload the audio at **app.voicit.com**

Important: to record calls, the recorder must be magnetically attached to the phone.

YOUR RECORDER

Meet your Voicit Go

1. **Screen**
   Recording time and battery. When saving you'll see "Saved", and when it switches off, "BYE".
2. **Button**
   Turns on, records, pauses and saves.
3. **Switch**
   Records with a single move.
4. **USB-C port**
   On the top edge. Charges the battery and moves recordings to your computer.

Its back attaches to your phone by magnet.

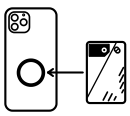

QUICK RECORDING

Record with the switch

It always works, even when the recorder is switched off.

Slide up
Starts recording.

Slide down
Saves the recording and switches off.

To record calls, attach it to your phone

It must be magnetically attached to the back of the phone, in direct contact.

iPhone with MagSafe: it attaches directly. **Android or case without MagSafe:** first stick the included magnetic ring on the phone or the case.

Meetings: place it on the table to capture every participant.

BUTTON

Control recording with the button

Gently press the button to switch the recorder on.

Hold for 2 s
Starts recording.

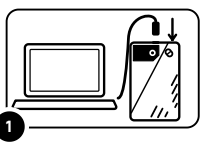

One gentle tap
Pauses or resumes. While paused, it shows how much recording time is left.

Hold for 2 s
Saves the recording.

Two gentle taps
Locks the screen. One tap unlocks it.

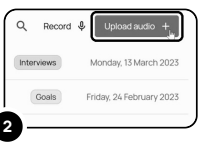

Not responding? Hold the button down for 15 seconds to restart it.

Upload recordings from your computer

1

Connect the USB-C cable
Use the one in the box: it opens like a USB stick.

2

Record or upload audio
Click it at **app.voicit.com** and choose the **.ops** as is, even if it won't play.

3

Give the recording a name
Choose template and language, tick if it's a call and continue.

No computer to hand? You can also upload it from your phone if you connect the recorder via USB. Scan the code to open Voicit.

BATTERY

Charging and care

Use an adapter of **5 V and 1 A** at most. **Do not use fast chargers (9 V)**: they can damage the recorder.

Flashing red light: charging · Solid blue light: fully charged

Storing it for a long time? Charge and discharge it every 3 months.

Upload your recordings to Voicit often: the recorder is not a backup.

8 GB | **68 h of recording** | **20 h per charge** | **USB-C** | **54 g**
